Hall-Lew, Lauren, **Göbel, Jessica**, Cowie, Claire, Markl, Nina, McNulty, Stephen Joseph, and Elliott, Zuzana. 2021. 'Age-grading and stable variation in the Edinburgh KIT vowel'. UKLVC13, University of Glasgow, 10 September.

Göbel, Jessica. 2021. 'Variation in (ing) and the KIT vowel in Edinburgh English'. University of Edinburgh Undergraduate Dissertation Conference, 5 May.

Göbel, Jessica. 2020. 'Don't Glottal Stop Me Now: A Comparative Study of /t/-glottaling in Edinburgh English in the 1970s'. Lifespans & Styles: Undergraduate Papers in Sociolinguistics. Volume 6, Issue 2. pp. 32-43.

Relevant Research Experience

Research Assistance – Researcher under Prof Devyani Sharma **01/2022 – 05/2022**

- Contributed to improving NLP models to be able to detect and deal with diverse dialects
- Coded for syntactic variation in orthographic transcripts of Scots
- Conducted research to select which dialect features of Scots to code for, a mixture of complex and surface syntactic features

Peer Reviewer – *Lifespans & Styles* journal: **2020 – 2021**

- Member of the Editorial Board and peer reviewer for *Lifespans & Styles* journal

Research Assistant – Researcher under Dr Claire Cowie **7/2020 – 9/2020**

- Research Assistant for Dr Claire Cowie's research project on Asian Englishes and Globalization (investigates changes in the TRAP-BATH vowel among Indian students)
- My responsibilities: correcting and adjusting orthographic and phonetic transcriptions and alignment on Praat.

Research Assistant – Researcher under Prof Lauren Hall-Lew **5/2019 – 8/2019**

- Research assistant for the Edinburgh Speaks Project (examines dialectal variation in Edinburgh)
- My responsibilities: orthographic transcription of multiple audio files using ELAN 5.6-FX, adjusting previous segmentations., and identifying Scots lexis, morphology, and syntax.

Awards

Principal's Prize **01/2023**

- Awarded for outstanding academic achievement at Queen Mary University of London (£100)

MacCracken Doctoral Fellowship **2022 – present**

- Funding for graduate research (fully funded)

Skills

Technical

R, *experienced.*

Praat, ELAN, *experienced.*

Word, Excel, Powerpoint, LaTeX, *experienced.*

Language

German (native speaker)

English (native speaker)

French (basic communication skills)

Research Interests

- Bilingualism and multilingualism
- Language change across lifespans
- Sociophonetics
- Social mobility and language change
- Child language acquisition
- Adult L2 acquisition
